Our Background

Our commitment

PRODUKTIF SEPAKAT

CONSULTING ENGINEERS SDN. BHD.

since 2000 has provided engineering consultancy services in the field of **civil and structural engineering**. The firm is a 100% Bumiputera and managed by a team of experienced, dedicated and motivated Professional Engineers.

The company is committed to provide consulting engineering services to both public and private sector agencies. Therefore, we are ready to provide multidisciplinary services of all kinds of infrastructure and facilities in resolving any engineering challenges, in relating to planning, design, construction/project management, and maintenance of infrastructures and building, and in other related fields.

We recognise the clients' requirements of consistent top quality services and commitment. We are therefore committed to perform our duty with full dedication and responsibility, serving the clients with innovative and appropriate solutions that are functional, flexible and cost effective without compromising on quality. The diversity of our expertise, the use of up-to-date technology and total quality management, allow us to deliver workable solutions to meet our clients' needs.

We are officially registered with :
